Foreign professional qualifications? Recognition? Consult us.

Did you learn your profession abroad?

Having qualifications recognised will help you to find a job in Germany. In some professions, recognition is necessary to be able to work in Germany.

Our services:

- We provide information and advice on the recognition procedure.
- We support you through the entire process.
- We locate the responsible recognition body and the required documents for your application.
- We inform you about financing possibilities.
- If necessary, we will help you to find suitable training.
- We offer free advice via e-mail, telephone, video or in person (by appointment).

Advice Centres for the Recognition of Foreign Professional Qualifications.

The advice centres for the recognition of foreign professional qualifications in **Freiburg, Mannheim, Stuttgart** and **Ulm** provide information and advice on the recognition of foreign professional qualifications. They work together with advice projects of the Network IQ (Integration through Qualification) and the refugee agency in Karlsruhe. Consultations are also available at other locations.

In addition to providing direct advice to people with foreign qualifications, the advice centres also support integration and labour market stakeholders locally and offer training courses.
